

## ***Pure power on wheels.***

Get the power you need for anything from a coffee-maker to a circular saw – in compact, user-friendly form. The EF3000iSE offers a 3.0 kVA capacity and maximum running time of over 20 hours at 1/4 rated load in Economy Control mode.

Despite its sizeable power, the EF3000iSE has a whisper-quiet, low running sound of just 51\* dB (A) – and because it's mounted on four wheels, moving the generator around couldn't be easier.

And the smart throttle's load-sensing control automatically adjusts the engine speed to match the load, for greater fuel efficiency and noise reduction.

\* at 1/4 rated load from 7 meters.

- ▶ High quality electricity
- ▶ Wheels for easy manoeuvrability
- ▶ Low noise level
- ▶ Heavy duty performance
- ▶ Over 20 hours\* running time with Economy Control
- ▶ Easy to operate
- ▶ Smart Throttle load-sensing throttle control
- ▶ Oil Watch warning system
- ▶ 12V DC output
- ▶ Electric starter

## ***Tomorrow's Power Today***

Yamaha generators are full of state-of-the-art technology that not only guarantees high-level performance, but also makes them outstanding in operation, economy and durability.

Our range of generators provide customers with the most compact, reliable and efficient portable power sources for use on camp sites, boats, small outdoor vending stands, to power small home electric equipment or to supply back-up power in case of power failure.

These and many other aspects of Yamaha engineering provide the unmatched durability expected by users throughout the world for carefree power generation

**Inverter system with Pulse Width Modulation**

This industry-leading system produces high-quality, clean electricity. Its pure sine wave is as clean as or cleaner than commercial power, making it suitable for products with built in microcomputers.

**Noise Block™ acoustically designed sound reduction system**

This design uses sound absorbing material in key internal locations. Combined with the special muffler and molded fan, this ensures unbeatable noise reduction.

**Smart Throttle™ load-sensing throttle control**

Smart Throttle automatically adjusts engine speed to precisely match load, for greater fuel efficiency and noise reduction

**Oil Watch warning system**

To prevent engine damage and costly repairs, and enhance long-term durability, the generator automatically shuts off when oil begins to run low. It cannot be re-started until oil is added.

**12V DC output**

A handy output lets you recharge 12V batteries for use in recreational vehicles, car or marine products.

<i>Engine</i>	
Displacement	171cc
Maximum power output	4.0 kW / 4,000 rpm
Starting system	Electric and recoil

<i>Generator</i>	
Generator type	Inverter-Silent
Frequency	50 hz
Rated AC output	2,800 VA
Max AC output	3,000 VA
Voltage AC	230 V
Rated current	12.2 A
DC output	12 / 8 V/A
Power factor	1
Phases	Single
Starter	Direct
Operating hours without refill	8.0 - 20.5* (*Economy Control on)

<i>Dimensions</i>	
Overall length	680 mm
Overall width	445 mm
Overall height	555 mm
Weight (kg)	68 kg
Oil tank capacity	0.6 litre
Fuel tank capacity	13.0 litres
Noise level (LWA)	88.0 dB (A)
Noise level 7 m	51.0* - 57.0 dB (A) (*Economy Control on)

### Only the best will do

We like to think you get out what you put in, which is why we recommend genuine Yamaha Parts and Accessories. The same innovation and stringent quality controls behind our world-leading generators go into all our parts and accessories – from exclusive YAMALUBE engine oil to cooler bags and clothing. On selected generator models optional accessory kits to assist manoeuvrability and parallel operation cables for simultaneous multiple generator use are available. Yamaha also has a wide range of functional yet stylish apparel and useful bags. See your approved Yamaha dealer for more details.
