

Extreme exploration is the name of its game!

No need to stick to the trails with the aggressive-looking - and performing - SRViper X-TX LE. This is our go-anywhere, tackle-anything adventure machine that demands you go that bit further - faster!

The ultra-stylish, long track LE version of the SRViper X-TX looks the part and really lives up to its promise, with a fuel-injected Genesis® High Output engine that delivers awesome power and torque. The 2.25"/57mm Camoplast® Power Claw track, fully adjustable suspension and high performance FOX® FLOAT® shocks give you incredible comfort and control.

You'll enjoy many other features too, like full Mountain ergonomics, reverse, electric start and hand/thumb warmers.

- ▶ New extreme colour scheme and striking LE graphics
- ▶ Genesis® 4-stroke 1049cc High Output engine
- ▶ Advanced fuel injection system
- ▶ Camoplast® Power Claw (2.25"/57mm) high-grip track
- ▶ Extrovert drive sprockets for secure grip on track
- ▶ Wide (6") single-keel Mountain skis with carbides
- ▶ Double wishbone front suspension - FOX® FLOAT® 3
- ▶ SR 141 rear suspension - FOX® FLOAT® 2
- ▶ Wide adjustable handlebar and riser
- ▶ Dual-switch grip control for hand & thumb warmers
- ▶ Convenient electric start and push-button reverse
- ▶ Dual digital gauges and sleek, low windshield

***Whenever, wherever
the snow falls, team
up with your Yamaha.***

Being out on the trails or powder is one of life's great feelings – creating emotional moments to last long in the memory. So enjoy our snowmobiles. Each one is designed and equipped to deliver supreme handling, performance, comfort, economy and reliability.

It's a winning combination you can depend on from your Yamaha – along with our innovative engineering and electronic control technologies that bring you and your machine closer together as a unit – to create a more satisfying riding experience than ever before.

So wherever you ride – on smooth or rough trails, soft powder or up at high altitudes – choose the perfect partner. Your Yamaha.

Genesis 4-stroke 1049cc High Output engine

While this dynamic powerplant delivers massive bottom-end power, its lightweight crank and advanced fuel injection system also deliver thrilling and instant throttle response across the RPM band. Adding to its capability are features like the oil pressure sensing system and the remarkable Engine Braking Reduction System (E.B.R.S.).

Asymmetric double wishbone front suspension

A special characteristic of this aggressive machine is its unique front suspension geometry, with widely spaced lower and upper A-arms mounted asymmetrically to the chassis bulkhead. FOX® FLOAT® 3 shocks deliver ultra-responsive handling - yet are strong enough to take plenty of punishment in its back country and mountain habitats.

Dual Shock SR 141 rear suspension

The SRViper X-TX LE gives you an impressive range of easily adjustable pressure and tuning options, thanks to its FOX® FLOAT® 2 and aluminium HPG shocks. What's more, the special springless suspension developed for these models has been designed to reduce the amount (and weight) of built-up snow, to give you ultimate stability and control.

Camoplast® Power Claw 2.25"/57mm track

A stunning performer in extreme conditions, the Camoplast® Power Claw track, specially chosen for this LE version SRViper, features 2.25"/57 mm lugs. Driven by extrovert drive sprockets meshing precisely with holes in the track, it provides outstanding levels of grip and propulsion, particularly in fresh, deep snow.

Wide handlebar and riser

A tall, lightweight aluminum riser sets the handlebar at the right height for maximum control when riding fresh powder. This pivot-adjustable riser allows you to choose the optimum angle for your own riding position. The straight J-hooked handlebar with mountain strap also makes control easier and gives precise feedback from the front suspension.

Deluxe instrument panel with dual digital displays

Multiple sensors ride on board with you, continuously monitoring engine data to provide essential rider information. In addition to speed, rpm, fuel, oil temperature and pressure, a wide range of trip-related data can be selected. Like a clock with hour-meter, 'Distance Travelled' information - and even an altimeter!

<i>Engine</i>	
Type / Displacement	4 Stroke / 1,049cc
Cylinders	3-Cylinder
Cooling	liquid-cooled
Bore x stroke	82.0 mm x 66.2 mm
Carburation	41 mm Mikuni x 3, Fuel Injection, Liquid Heated
Intake design	2-valves
Ignition system	Digital T.C.I. w/T.P.S.
Exhaust	2-valves, Rear Exhaust
Clutch / transmission	YVXC, Variable Ratio, Electronic Shift Reverse, Magnesium Chaincase & Cover
Disc brake system	Radial Master Cylinder Hydraulic Brake / Disc on Drive Shaft

<i>Suspension</i>	
Front suspension system	SRV
Front shocks	FOX® FLOAT® 3
Front travel	254 mm
Rear suspension system	Dual Shock SR 141
Rear shocks	C43 R13 aluminium H.P.G. / FOX® FLOAT® 2
Rear Travel	368 mm

<i>Measures / Dimensions</i>	
Overall height	1,180 mm
Overall length	3,175 mm
Overall width	1,219 mm
Track W x L x H	15 inch x 141 inch x 2.25 inch, 381 mm x 3,581 mm x 57 mm
Track Type	Camoplast Power Claw 2,25"
Ski stance (ctr. to ctr.)	1,067 -1,092 mm adjustable
Fuel tank capacity	37.0 litres

<i>Features</i>	
Electric start	Standard
Reverse	Standard
Hand & thumb warmers	Standard
Headlight watts, type	60/55W H4 Halogen
DC output	Standard

Snowmobiles are built to operate within their design limits. For durability, reliability, but most important of all, operator safety, under no circumstances should the recommended capacities identified in the owner's manual be exceeded. Consult your snowmobile dealer when selecting a snowmobile for your particular needs.

Always wear a helmet, eye protection and protective clothing. Always ride responsibly and within your limitations, respecting the environment as well as country and local laws. The riders depicted are professionals: don't attempt to emulate them. The specifications, measurements and appearance of Yamaha products will be varied from time to time without notice, and as shown here are illustrative only and are not a contractual description of products. Some models are shown with optional accessories.
